Key Note Speaker

Kathryn Millichamp

After a brief stint of 7 years as a General Practice Nurse, Kathryn has spent the past 22 years employed by the Auckland District Health Board, in the Ophthalmology Department. For 13 years she worked predominantly as a Clinical Nurse Specialist; becoming a Nurse Practitioner in Ophthalmology in September 2018. Her role involves assessment and management of patients with acute ophthalmic conditions, performing incision and curettage of chalazia (meibomian cysts) under LA; and Nurse-led Anterior Segment and Cataract clinics. She also performs intravitreal anti-VEGF injections for medical retinal conditions such as ARMD, diabetic maculopathy and other retinal vascular conditions. During the COVID-related lock-down she established ZOOM/Telehealth clinics in order to help manage the back-log of patients due to COVID-19 restrictions. Kathryn enjoys teaching others about ophthalmic conditions and has given a number of face-to-face and webinar presentations to ophthalmic and general/ED nurses, as well as to rural nurses throughout NZ on eye assessment and common eye conditions.

Program

08:00-08:30 Registration and morning coffee/tea			
Clock	Time (min)	Speakers	Topic
08:30 - 10:35 Session 1. Chair: Robyn Johnston			
08:30 - 08:35	5	Robyn Johnston	Welcome to Country (and housekeeping)
08:35 - 08:55	20	Key Note: Kathryn Millichamp	Ophthalmic Nurse Practitioner in New Zealand: Role and Pathway
08:55 - 09:10	15	Carly Illes (CEO)	Vision 2020 Australia up-date
09:10 - 09:25	15	Brandon Ah Tong	Advocating for relevance: Eye health as an issue for sustainable development
09:25 - 09:40	15	Zixin Hong (Cherry) (Dr)	Carbon Footprint of Cataract Surgery in Australia
09:40 - 09:50	10	Candy Han Yue	WHO's new Visual Acuity App.
09:50 - 10:10	20	Doron Hickey (Dr)	Retinal up-date
10:10 - 10:25	15	Flora Hui (Dr)	The Vitamin B3 Study
10:25 - 10:35	10	Q & A	
10:35 - 11:00	25	Morning Tea	
11:00 - 13:00 Session 2. Chair: Marina Osadchiy			
11:00 - 11:05	5	buffer	
11:05 - 11:20	15	Sumeer Singh (Dr)	Up-dates in dry eye treatment
11:20 - 11:35	15	Key Note: Kathryn Millichamp	Nurse Led Chalazion and Small Incision Treatment
11:35 - 11:45	10	Rhea Ortiga	RVEEH Nurse Led Chalazion Clinic Up-Date
11:45 - 12:00	15	Legend Lee	RANZCO Strategy: Towards 2030
12:00 - 12:15	15	Heather Machin (Dr)	Australia's Ophthalmic Nurse Workforce Survey
12:15 - 12:25	10	Kila Lua	Developing and embracing healthcare assistants
12:25 - 12:35	10	Emma Loughnan	Role and Value of a Disability Liaison Officer in eye care
12:35 - 12:50	15	Hayley M Hall	Nurse led program to raise awareness of end-of-life eye corneal donations
		Sofia Karageorge	
12:50 - 13:00	10	Q & A	
13:00 - 14:00	Non-Members - lunch 60 minutes / Members - AGM 15 minutes then lunch 45 minutes		

Program

14:00 - 15:50	Session 3. Chair: Simi Sandhal		
14:00 - 14:05	5	buffer	
14:05 - 14:20	15	Sponsor Representatives	Up-dates
14:20 - 14:30	10	Leanne Boase	Pathway to Nurse Practitioner in Australia
14:30 - 14:45	15	Olga Brochner	Nurse led AMD Clinic
14:45 - 14:55	10	Arien Amarindra	Using digital technologies to advance eye care
14:55 - 15:05	10	Kerry Pontin	Setting up a perioperative graduate program
15:05 - 15:15	10	Peta Holly	Ocular Oncology Clinical Nurse Consultant Role and impact on patient care
15:15 - 15:25	10	Charmaine Catipon	Clinical trials research nursing on a Retinal Gene Project
15:25 - 15:40	10	Roseanna-Zoe (Rose) Knowles	The nurses role in Ocularistry
15:40 - 15:50	15	Q & A	
16:15 - 16:50	Session 4: Chair: Joanna McCulloch		
16:15 - 16:25	10	Tanya Haring	Proud to Be a Nurse
16:25 - 16:50	25	The AONA Team	Up-dates, event wrap-up and prizes.
16:50 - 17:50	60	Happy Hour	

Speakers

Brandon Ah Tong

Director, Policy and Advocacy, The Fred Hollows Foundation

Brandon has 20 years experience working in various human rights based policy and advocacy roles within the health, disability and international development sectors. Previously with the national peak body Vision 2020 Australia, Brandon's responsibilities spanned prevention, early intervention, Indigenous health, disability and development within the Asia Pacific region. Prior to that, He also spent eight years in the disability sector with Vision Australia promoting the human rights of people who are blind or vision impaired and was recognized with a Victorian Government award in 2014 for his leadership in disability advocacy. For the past seven years with The Fred Hollows Foundation, Brandon has been responsible for helping shape global eye health norms and policy through multilateral platforms such as the WHO and UN General Assembly. He holds a Bachelor of Social Science in Policy and Research from RMIT University In Melbourne.

Arien Amarindra

Clinical Nurse, Office of the Chief Clinical Information Officer, Queensland Health.

Arien is a Registered Nurse of five years, specializing in ophthalmic nursing as a scrub-scout. She has a personal interest in digital technologies, and how digital technologies can be used to solve problems in the healthcare industry. Arien holds a Bachelor of Arts in Anthropology and a Master of Nursing. She is currently studying a Graduate Certificate in Digital Health at the Australian Catholic University. Arien is currently on secondment as a Clinical Nurse at the Office of the Chief Clinical Information Officer in Queensland where she is working in nursing informatics.

Leanne Boase

President, Australian College of Nurse Practitioners

Leanne Boase BN MN (NP), MHSc (Ed), MAICD, FACNP is a practicing Nurse Practitioner, endorsed since 2009, now working in her own primary care practice, and has been the President of The Australian College of Nurse Practitioners since September 2018. She is also the Executive Director of Nursing and Clinical Services for Luminar Health and Fullarton Clinic. She has over 25 years' experience working in a wide range of hospital and private health settings, including metropolitan and regional areas, and primary care.

Speakers

Olga Brochner

Clinical Nurse Specialist (CNS) in the Te Toka Tumai Auckland public eye service, New Zealand.

Olga is a Clinical Nurse Specialist (CNS) in the Te Toka Tumai Auckland public eye service, New Zealand. She started in ophthalmology last century, and found it was eye-opening. Initially she worked in the ophthalmic theatres for years but is now clinic based and mainly focused on the retina. Her roles involve nurse led AMD and medical retinal clinics, and diabetic retinopathy photo-screening sessions. She works alongside Nurse Practitioner, and today's Keynote Speaker, Kath Millichamp. Together, they run a nurse led meibomian cyst clinic. Olga holds several qualifications including PGDipHSc (Nursing).

Charmaine Catipon

Clinical Research Nurse, Centre for Eye Research Australia

Charmaine Catipon is a Clinical Research Nurse and Coordinator at Centre for Eye Research. She is an experienced and dedicated Registered Nurse with more than 10 years work experience in fast paced environments within the healthcare industry. From monitoring a patient's treatment and clinical observations, handling confidential paperwork, managing individuals with advanced care needs, and providing high quality evidenced based patient care, Charmaine has worked in many clinical areas including the Alfred Hospital, Nucleus Network and Caulfield Hospital. Charmaine continues to build her professional portfolio, with great expertise on Infection Prevention and Wound Management. She is currently enrolled in Master of Advanced Nursing Practice at the University of Melbourne. In her spare time, she enjoys spending time with her family and friends. Being with nature gives her a sense of beautiful peace. She enjoys travelling and would love to visit Europe someday.

Hayley M Hall

ANUM, Palliative Care Ward, Austin Health

Hayley is a Registered Nurse who has worked on Austin Health's Palliative Care ward for the last 10 years. She initially completed a rotation of her Graduate Nursing Year on the PCU ward and loved it so much she returned shortly after the conclusion of her graduate year. Hayley went on to complete her Post Graduate Diploma in Palliative Care and is currently employed as an Associate Nurse Unit Manager. After implementing a ward-based project to include eye donation as a routine offering in conjunction with her colleague Sofia, just over 4 years ago, this piece of work was recently published in the Australian Nursing and Midwifery Journal.

Speakers

Tanya Haring

AONA Grant Recipient., Broken Hill, NSW

Details to follow

Dr Doron Hickey

Medical Retina Fellow, Royal Victorian Eye and Ear Hospital

Dr Doron Hickey is a clinician-scientist in ophthalmology, with a particular focus on medical retina and ocular genetics. He consults at Victoria Parade Eye Consultants and The Royal Victorian Eye and Ear Hospital (RVEEH). Doron holds a PhD in retinal gene therapy from the University of Oxford and has fellowship training in ocular genetics and medical retina, as well as extensive experience in laboratory and clinical studies. Alongside his clinical practice, Doron is a Clinical Trials Fellow at the Centre for Eye Research Australia, where he is a co-investigator on research projects developing novel therapies for retinal diseases and is involved in clinical studies of the latest treatment options.

Peta Holly

Ocular Oncology Clinical Nurse Coordinator at the Royal Victorian Eye and Ear Hospital

Peta is currently the Ocular Oncology Clinical Nurse Coordinator at the Royal Victorian Eye and Ear Hospital as well as a Research Nurse at Centre for Eye Research Australia. Her career in ophthalmology and cancer nursing spans nearly 25 years. Prior to becoming an oncology nurse in 2007, she worked in the Ophthalmology field as an Orthoptist for 10 years. In 2017 she became an Ophthalmic Oncology Nurse at Smilow Cancer Hospital – Yale New Haven Hospital, USA. She is motivated by improving patient care outcomes and raising the importance of nursing and allied health support for patients diagnosed with the rare cancer of ocular melanoma.

Speakers

Dr Zixin Hong (Cherry)

Unaccredited Ophthalmology Registrar, Austin Health

Dr. Zixin Hong (Cherry) is the current unaccredited ophthalmology registrar at Austin Health, and she is determined to pursue a career in ophthalmology as a clinician-scientist. She has a wide range of research interests and is a published author in peer-reviewed journal articles. She has ongoing involvement in research papers in cataract surgery, vitreoretinal surgery and sustainability in eye health. She has presented in multiple national and international scientific meetings, with her previous presentations awarded "ORIA Best Paper" in the 2018 50th RANZCO Annual Scientific Congress and "Best Poster Award" in the 2021 RANZCO Victorian Branch Scientific Meeting.

Dr Flora Hui

Glaucoma Research Fellow, Centre for Eye Research Australia

Dr Flora Hui (BOptom MPhil PhD) is an optometrist clinician scientist and Research Fellow at the Department of Optometry and Vision Sciences, University of Melbourne, and the Centre for Eye Research Australia (CERA). She has a research interest in new treatments and diagnostics for eye disease and what the eye can tell us about the brain, particularly in dementia. Flora began her career in lab-based fundamental sciences in glaucoma and using the eye as a biomarker for the brain. At CERA, she was involved in a landmark clinical study investigating hyperspectral retinal imaging to differentiate people with Alzheimer's disease. She also focused on developing clinical tools to shorten the timeframe to detect glaucoma progression. This led to a world-first clinical trial investigating nicotinamide for neuroprotection in glaucoma.

Carly Iles

CEO, Vision 2020 Australia

Carly Iles has held senior roles in the eye health and vision care sector for over six years, managing advocacy, programmatic and research projects aimed at ending avoidable blindness. She has significant experience in community engagement and stakeholder management across corporate, not-for-profit and non-government organizations. This includes the health, international development, homelessness and education sectors. Carly has served as Vice President for a non-government organization delivering health, water and sanitation to rural communities in Tanzania and has worked closely with communities throughout Victoria to address disadvantage and advocate for the needs of those experiencing homelessness and poverty.

Speakers

Sofia Karageorge

ANUM, Palliative Care Ward, Austin Health

Sofia is a Registered Nurse who began her career in the field of Neurology where she worked for 18 years. She has spent the last 8 years working on Austin Health's Palliative Care ward where she is currently employed as an Associate Nurse Unit Manager. After implementing a ward-based project to include eye donation as a routine offering in conjunction with her colleague Hayley, just over 4 years ago, this piece of work was recently published in the Australian Nursing and Midwifery Journal.

Roseanna-Zoe (Rose) Knowles

consultant Ocularist / Clinical Ophthalmic Nurse,

Roseanna-Zoe Knowles is a passionate professional with diverse experience and interests. As a consultant Ocularist/Clinical Ophthalmic Nurse, she's works with many health professionals around prosthetic eye care and education to promote a wider knowledge within a niche healthcare area. Having worked within busy ophthalmic clinics, research teams and on her own studies, her passion has been refined to delivering quality care, support and ongoing education for patients and their supporting families. She founded 'Collaborative Eye Care' with the purpose to deliver Education and Support within the Ophthalmology healthcare setting, with a particular focus on patients with vision loss and eye loss. She's also a Clinical education volunteer for Glaucoma Australia where she provides patient education phone calls and hosts education events for patients and healthcare professionals. Her Ocularistry training was completed at the Adelaide Artificial Eye Clinic and further training at the Nottingham Trent University. She's also completed a Post Grad Certificate in Ophthalmic Nursing at the University of Notre Dame Australia. As Vice President for the Ocularist Association of Australia, managing the ongoing training and education of this group was a rewarding experience. She's recently taken a slight shift in her work ratio, now as a passionate music lover, Directing her own music school business. She loves her blend of careers, and often uses music as a soothing tool when dealing with distressed patients.

Speakers

Legend Lee

Senior Manager, Advocacy and Policy, RANZCO

Ms Legend Lee is the Senior Manager, Advocacy and Policy at RANZCO, responsible for developing advocacy strategies and approaches to support health outcomes for patients in Australia and New Zealand. Since joining RANZCO in February 2021, and has been focusing on the advocacy for equitable access to eye health care, particularly for Aboriginal and Torres Strait Islander Peoples, Māori and Pacific Islanders, and rural and remote communities. Prior to that, Legend worked over 10 years at Royal Australian and New Zealand College of Radiologists in various areas of Member Services, Policy and Advocacy, and Specialty Training. Legend has been involved in government and stakeholder engagement both at Federal and State level and represents RANZCO in several external Committee and working groups. Finally, Legend is a member of the RANZCO Vision 2030 Steering Committee and is currently managing a number of projects related to service delivery, workforce and training, as part of the implementation of Vision 2030.

Emma Loughnan

Senior Social Worker, Royal Victorian Eye and Ear Hospital

Emma Loughnan has an MA of Social Work from the University of Melbourne and is an experienced clinical social worker in both Acute and Specialist Hospital setting. Emma has previous experience in the Disability sector and has a passion for equality and expertise in patient centred-care. She is currently the Disability Liaison Officer at the Royal Victorian Eye and Ear Hospital and works to improve patient outcomes by facilitating equitable access to the Hospital as well as leading quality improvement initiatives to better respond to patient needs in the clinical setting. Emma's contribution has been recognized by patients of the hospital as she is the 2023 recipient of the Eye and Ear's Patient Experience Award.

Speakers

Kila Lua

DON, Panch Day Surgery, Vision Hospital Group.

Kila is a skilled and accomplished registered nurse. She has over 16 years experience in general, surgical and perioperative nursing. This has given her the knowledge and expertise necessary to excel in her role as Director of Nursing. She has a natural talent in building clinical relationships which allows for a great deal of creativity and innovation in her work. Throughout her career, Kila has been recognized for her exceptional work ethic, leadership skills, and ability to translate complex ideas into simple and concise communication. Her continued growth and development have allowed her to adapt to changing environments and challenges, which has resulted in long-lasting and positive outcomes for her team of Doctors, Nurses and Patients. She is constantly seeking new challenges and opportunities to expand her knowledge and skills, all while striving to help others and make a positive impact in the world.

Dr Heather Machin

AONA Co-President

Dr Machin works predominantly in eye banking and international development. She is the Senior Project Manager and Lions Fellow at the Centre for Eye Research Australia – University of Melbourne and the Lions Eye Donation Service; PI for the CERA Biobank; Member of the Australian Organ and Tissue Authorities Eye and Tissue Advisory Committee; a co-developer of the WHO's Global Action Framework for Tissue in Transplantation; and project lead supporting the development of new corneal surgical therapies (BIENCO/HYGELIX), and Chair of the Global Alliance of Eye Bank Associations. She has received numerous awards, nominations, and grants, and an NHMRC scholarship for her PhD into corneal exportation. She holds an MBA and other qualifications. She has published widely and has worked in over 30 countries, previously with ORBIS International's Flying Eye Hospital and currently Fred Hollows Foundation NZ. She represents AONA to external groups including Vision 2020 Australia, and she is the global lead for the International Ophthalmic Nurses Association, alongside national ophthalmic groups from 13 nations. She is passionate about working towards the UN's Sustainable Development Goals and IAPB's in-Sight 2030 targets through the promotion of eye care within nursing, welcoming nurses into the field, and mentoring future leaders.

Speakers

Rhea Ortiga

Hospital Coordinator, Royal Victorian Eye and Ear Hospital

Rhea Ortega has been practicing as a Registered Nurse for almost 2 decades and has completed a post graduate diploma in Health Sciences—advanced nursing. She has been a dedicated Ophthalmic nurse for 13 years. 4 years of her experience were within the Ophthalmology Outpatient Dept, at Waikato Hospital, NZ, and the rest at The Royal Victorian Eye and Ear Hospital where she started as an RN, moving to Clinical Nurse Specialist and Associate Nurse Unit Manager at the Emergency dept. She is currently a Hospital Coordinator. She has made multiple contributions over the last years, and has been part of the team that established the Nurse-led project on Chalazion in the Emergency dept. She presented the plan and pathway at the AONA Melbourne Conference in 2019. Furthermore, she was also involved in a Nurse-assisted Fastrack Conditions initiative.

Kerry Pontin

Graduate Nurse Program Coordinator, CURA

Kerry Pontin is the Graduate Nurse Program Coordinator at CURA. She has been working as a clinical educator at Victoria Parade Surgery Centre for 15 years, and in the Perioperative Area for 30 years, and her ophthalmic surgical experience spans across 21 years. Her formal qualifications include Graduate Certificate in Critical Care Nursing – Perioperative Nursing, Post Graduate Diploma of Advanced Nursing - Clinical Nursing Education and Certificate IV In Training and Assessment. She has presented at VPNG and AONA conferences in the past. She has developed, planned, and launched the Graduate Nurse Pilot Program for CURA Day Hospitals in the Southern Region. The Program commenced in February of this year with 14 participants across 6 sites. Kerry has always been passionate about training novice nurses in the perioperative clinical setting. Kerry will be sharing this project with us today.

Speakers

Sumeer Singh (Dr)

Postdoctoral clinical research fellow, Department of Optometry and Vision Sciences, University of Melbourne.

Dr Sumeer Singh graduated with a bachelor's in optometry in 2014 and Master of Philosophy in Optometry in 2016, from Elite School of Optometry, India. He moved to Melbourne in 2017, to pursue his PhD in the Department of Optometry and Vision Sciences, The University of Melbourne. His PhD work addressed a critical clinical evidence gap relating to the potential effect of blue-light-blocking spectacle lenses on visual function. He has authored 22 peer-reviewed, international research publications, with several of these papers being in the highest-ranked journals for the field of ophthalmology. Currently, he is working as a Postdoctoral clinical research fellow, at the Department of Optometry and Vision Sciences, The University of Melbourne. A major part of his postdoctoral fellowship focuses on the development of a novel, one-step, point-of-care device for rapid and accurate dry eye diagnosis. Sumeer also serves as a sub-committee member for Tear Film and Ocular Surface Society's global Workshop entitled "A Lifestyle Epidemic: Ocular Surface Disease".

Candy Han Yue

Research Program Coordinator, Ophthalmic Epidemiology, Centre for Eye Research Australia

Ms Yue has a Master's Degree in Public Policy and Management from the University of Melbourne, and has over 10 years' experience of working with international government agencies, global NGOs and research institutes in policy research and eye care program management. She was awarded Australian Leadership Awards and Australian Endeavour Awards in 2011 and 2012. She is now working as the Research Program Coordinator at CERA, managing and coordinating programs of WHO Collaborating Centre and other research projects.

Chairs

Session 1: Robyn Johnston, AONA Executive, VIC.

Session 2: Marina Osadchiy, Clinical Nurse Educator, Royal Victorian Eye and Ear Hospital, VIC.

Session 3: Simi Sandhal, Registered Nurse, Emergency Department, St Vincent's Hospital, VIC.

Session 4: Joanna McCulloch, AONA Executive, NSW.

Our Team

Conference Convenor: Heather Machin

Audio-visual and run schedule: Colleen Flanders

Registration Desk: Anna Huigen, Bernie Hanratty, Suzie Clifton and Cheryl Moore

Sponsor and VIP Support: Gabriela Kalofonos and Robyn Johnston

Finances: Sandie Smithers and Joanna McCulloch

Media and Promotions: Pat Usher, Clare Hafner and Lesley McDowell

Guest, AONAQLD Representative: Fiona Turner

Guest, AONAWA Representative: Andrea Montague

House keeping

Environmental Responsibility:

We are taking every step to ensure this event is ecologically friendly. For that, we are not printing out individual programs or materials. QR or weblinks will be provided for you to download on your device.

At the end of the day, please surrender your badge and lanyard so we can clean and reuse them for future events.

Mobile Phones:

Please put your mobile phone onto silent during the conference presentations.

Wi-fi:

Details to follow

Meals:

Details to follow

If you need help:

If you need help or have special needs, please ask one of our team at our registration desk. If it is unmanned, you can text our Conference Convenor, Heather Machin, on **xxxx xxx xxx**. Heather will find someone to help you. When you text, add your name to the message along with your question.

Bathrooms:

Bathrooms are located adjacent to the Registration area, behind the staircase.

Your details given to sponsors (you can opt-out):

AONA will provide your name and email to the event industry sponsors. If you do not want your details shared, please notify our Registration Team.

Photos:

We will be taking photos today. The photos may be used in our event reports and on our social media. Please let our Team know if you do not want your photo image used.

Insta-Photobooth:

We have a roving Insta-Photobooth. We welcome you to grab a spot inside it and take a pic of yourself. Feel free to up-load it to your social media—and make sure to tag AONA if you are on Facebook or Instagram.

Member AGM:

The AONA AGM will take place at lunch time. If you are not a member, head out to lunch. If you are a member, please stay in the conference hall for the AGM meeting. It will take less than 15 minutes. The documentation will be emailed to members before the 17th.

Prizes:

There will be a lucky dip and prize session at the end of the day. To win, you must stay for the very last session.

Certificates:

We will email your certificate in the coming weeks.

Join AONA:

If you are not already a member of AONA, we encourage you to join.

For information on what we offer and how you can join: <https://www.aona.au>

Post-event survey:

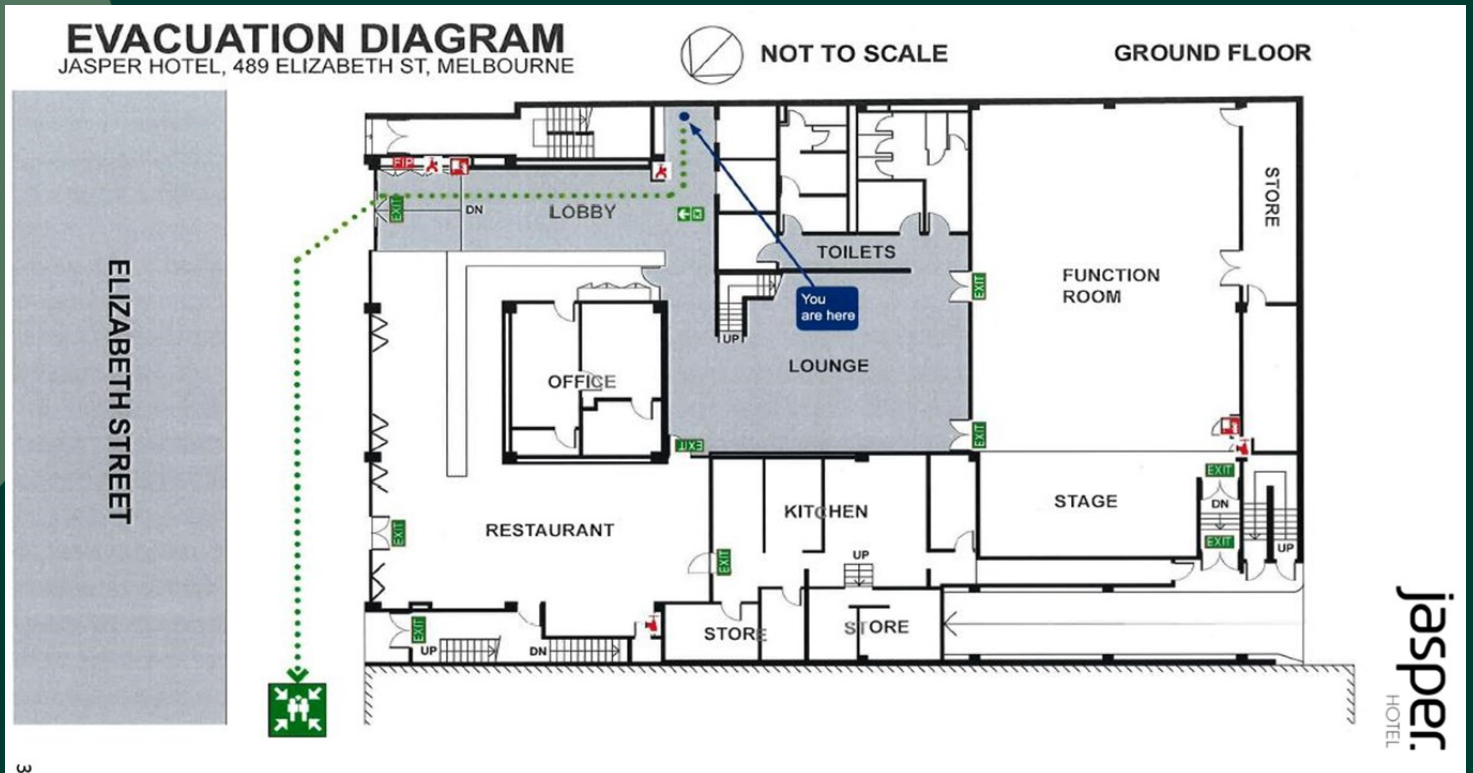

We value your feedback. Please complete our survey, about the event, before you leave today. Your input will help shape our future events.

Details to follow

Note: AONA provides a platform for speakers and sponsors to showcase their knowledge, research, organisation or group, and promote knowledge exchange. Presentations are not an endorsement and speakers and sponsors may or may not reflect the views of AONA.
